Report \$1500 Collected in Red Cross Campaign

While the canvassers in the district have been making their rounds under difficulty during the past three weeks in an endeavor to collect funds for the Red Cross campaign, their efforts have not met with the desired results and on Monday the Didsbury Branch had reported collections of only \$1,500, which is a long way from the \$3,000 quota set for the branch.

The campaign will be continued for another week or two, depending on results of the canvass, and it is hoped that the quota here can be reached. If you have not made your contribution to the Red Cross, do it now. You can leave your donation with Mr. W. A. Austin, at Reiber Brothers office, or with any one of the canvassers.

Following is a further list of donations to the Red Cross:

(Continued next week)

Mr. and Mrs. S. Fox had as their guests on Good Friday Mrs. Fox's brother, Mr. P.H. Barber of Courtenay, B.C. Also her nephews, O. Budd Barber and Mrs. Barber and two children Heather and Phillip, and Mr. and Mrs. G. Barber and son Herbie, all of Calgary.

Signs Of Spring In Burnside District

All signs point to spring. Last Wednesday it was 58 above in the Burnside district and in the evening a heavy down-pour of rain fell for almost half an hour.

Sandy Brander spent last week in Calgary where he attended the annual bull sale.

While others in the district attended the bull sale, Fred Metz was unable to go for the first time in 20 years, due to illness.

M. S. Page is around again after a sledge of the mumps.

Howard Persinger visited Friday with his sister, Mrs. Ivor Weber.

Some of the roads around Sunnyslope are still blocked with snow following the recent storm, and many drifts were eight and ten feet in height.

Mr. and Mrs. Miller (nee Peggy Fulkert) of Banff have been visiting relatives and with friends in the district.

EAST NOTES

Mr. and Mrs. Schumaker and girls and Mrs. Nelson McLean spent last Monday evening with Mr. and Mrs. Alfie Thompson and family, the occasion being Mr. and Mrs. Thompson's anniversary.

Those spending the Easter weekend at the Schumaker home were Mr. and Mrs. Cleland and son Gordon and Howard Rogers.

Miss Marie Derksen spent Good Friday and the Easter holidays with her parents and attended the wedding of her cousin.

George Long is spending a few days with Mr. and Mrs. A. Thompson.

Bruce Shells attended the Calgary bull sale last week end.

Stanley Schumaker and Jessie McCulloch visited Easter Sunday with Mr. and Mrs. Sandy Brander.

Mr. and Mrs. Sam Elliott and Mr. and Mrs. Joe Hunter motored to Calgary last Tuesday.

Mr. and Mrs. Schumaker, Gloria and Joyce, motored to Lethbridge for the Easter weekend to visit with the latter's brother.

Mr. and Mrs. Schumaker took in the bull sale in Calgary on Thursday and visited with Mr. Lyons and Howard. They will be in the district match in the evening with the latter's brother, Henry Benner.

Mrs. Emily Hunter is spending a few days with her son Joe and family.

About 27 people had Easter dinner with Mr. and Mrs. Elliott and family.

Uninvited Guests Have Party At Melvin Hall

The identity of those who held a so-called "party" in the Melvin hall last week was known and those in question are requested to please clean up the mess they made before the dance on Friday night. Kindly note that it is necessary to obtain permission from the hall board before holding a party for any purpose.

Mr. and Mrs. Vernor Wollen left Monday to return to their home at Fort St. John. They will stop a few days at Leduc to visit relatives.

Mrs. Smallwood's brother, Lawrence Shultz, spent the Easter holidays at the Smallwood home. Mrs. Smallwood is still a patient in the Didsbury hospital.

Mr. and Mrs. Lester Krebs and Shirley spent Sunday at the home of Mr. and Mrs. Herman Wollen and family in Leduc.

Mr. and Mrs. Emil Krebs and family, Mr. and Mrs. Verner Wollen were Sunday guests of Mr. and Mrs. Glen Roberts in Didsbury.

Mr. Walton Youngs of Edmonton motored down Friday to spend the week end with his parents, Mr. and Mrs. Heath Lepard and boys accompanied him. Neil Youngs returned to Edmonton with them on Monday for a few days of city life.

Don't forget the dance in the Melvin hall this Friday, March 30. Music by the Melody Five and two door prizes will be given away.

Mr. and Mrs. Jack Richardson and family of Edmonton spent the Easter week end at the Dupont home.

Mrs. Bernice Swingle of Calgary was a week end visitor at the Lloyd Chandler home. Mr. and Mrs. Lawrence Chandler were Sunday supper guests there also.

The W. I. Food sale held on Saturday was quite successful, the sum of \$36.35 being realized.

Funeral services for Mrs. Sophia Parker, of Twining, who died on Thursday, March 14, were held from Knox United Church, Three Hills, on Monday, March 19. Mrs. D. N. McDonald of Didsbury is a daughter of the late Mrs. Parker.

These proud fellows holding the Macdonald Tankard, emblematic of Canadian curling sport, are members of Nova Scotia's Kentville team, which pulled a major upset by winning 10 straight games for the title. Left to right are WALLY KNOCK, FRED DYKE, GEORGE HANSON and SKIP DON OYLER. This sweep was a new record for the National series.

201 Blood Donors At The Didsbury Clinic

Didsbury and district citizens turned out faithfully to the Red Cross blood donor clinic held in the Evangelical Church on Thursday afternoon, March 22, and when the clinic closed in the evening a total of 201 donors were registered.

The clinic was the largest so far held in Didsbury and surpassed the clinic held last March 24 when 198 donors gave their blood. This steady increase of donors in the district shows that they are generally realizing that blood is urgently needed if our hospitals are to be supplied with the necessary blood for transfusions when an emergency arises.

Mr. Art Reiber, chairman of the local blood donor committee has expressed his appreciation to the Evangelical Church to donors and to all who assisted in making the clinic such a success.

Westcott Skating Rink Closed For Season

The executive of the Westcott Community Club held its regular monthly meeting at the home of Mr. and Mrs. Alf Baudistel on Friday evening with all the members present. Among the items discussed at this meeting was the releasing of the caretaker, Mr. Beddows, from his duties as caretaker of the rink and closing season. Also the caring of the equipment and the arranging for a dance to be held at the Westcott school Tuesday night of the Easter holidays.

Lunch was served by the host and hostess at the conclusion of the meeting.

Mrs. Otto Folkman spent a few days of last week with her friend, Mrs. Tony Spooner.

All those attending school away from home from this district were home for the Easter holidays, including Miss Margaret Robertson and Miss Deloyce Goetjen who attend the Faculty of Education in Calgary. Incidentally Margaret is the new secretary of the Students Union. Congratulations!

Miss Jean Dageforde who attends school in Edmonton was also home.

Mr. Dan Fikman who is employed in Calgary spent the holidays at home.

Easter Sunday dinner guests at the Herbert Goetjen home were Mr. Ralph Buck of Didsbury and Mr. Otto Burke of Calgary.

Mr. and Mrs. Herbert Goetjen spent Easter Monday in the Cremona district.

Quite a number from this district attended the bull sale in Calgary last week.

Lone Pine Orioles May Sponsor Dance

The March meeting of the Lone Pine Orioles was held at the home of the Shells girls with thirteen members turning out.

Holl call was making home-made Easter eggs. Jean Elliott won first prize for the best decorated egg, and Sheryl Shells won the ten-cent draw. The contest was won by Beverly Thompson.

Many of the girls turned out to the meeting wearing their W.I.G.T. skirts and blouses and they looked nice.

The possibility of putting on a dance in May or June, to raise funds for the girls who are going to Olds for the Girls' Club Convention, was discussed, but nothing definite decided.

The April meeting will be held at the home of the Weber girls.

To close the afternoon a lovely lunch was served by the hostess.

ANNUAL FISH AND GAME ASS'N MEETING FRIDAY, MARCH 30

The annual meeting of the Didsbury Fish and Game Association will be held in the Lions' Hall on Friday, March 30, at 8 p.m.

Election of officers, reports of delegates to the annual convention in Calgary, and other important business is to come before the meeting.

Mr. and Mrs. Ralph Budgen, Pat and Fred of Crossfield spent Easter Monday with Mr. and Mrs. Ed Weber.

Mr. and Mrs. Ed Weber spent a few days in Calgary last week visiting relatives and friends.

Large Crowd Attends Fallen Timber Services

The Easter service on Sunday, conducted by Rev. Moore and Rev. J. B. Hipkin, was an inspiring message and program of music and song. A record congregation was present. Outstanding numbers on the program were solos by Mr. L. Moore of Calgary, Mrs. Howton and Mrs. R. McGiffin, and a violin solo by Mr. Robt. McGiffin.

Mr. and Mrs. J. McGiffin and family, Mr. and Mrs. J. Howton and family and Mr. and Mrs. Ray Teynor and family spent Thursday, Didsbury, Mr. J. McGiffin and Mr. J. Howton attended the L.L.C. show.

Mr. and Mrs. George Admussen and family spent the Easter week end with the latter's parents, Mr. and Mrs. J. H. Cooper.

The special church service at Fallen Timber on Friday night was well attended.

Mr. and Mrs. Eddie Adams and family were served a delicious chicken dinner at the Ranch House Coffee Shop on the Fallen Timber on Easter Sunday.

Mr. and Mrs. Jackson Honored At Party

In spite of the sudden storm on Thursday night, 39 friends and neighbors gathered at the Rosebud school for a surprise party honoring Mr. and Mrs. Arthur Jackson (nee Dorothy Chandler) whose marriage took place last month.

The evening was spent in playing games and contests, followed by a short entertainment of songs by Mrs. Walter Irwin, Mrs. Clarence Irwin and Verla Irwin, and a comic recitation by Vern Wrigglesworth.

Following lunch, Mr. A. Wilkins, on behalf of those present, congratulated the couple and presented them with a gift of money and Mr. and Mrs. Jackson fittingly replied.

The gathering came to a close with the singing of "For They Are Jolly Good Fellows" and "Auld Lang Syne."

Dr. Talbot Shows Films On Cancer

Only fourteen people, including Dr. McMichael and four of his Boy Scouts, attended the Cancer films shown by Dr. Talbot and his helpers from Calgary in the Lions hall on Tuesday, March 13. Something so vital as Cancer, and yet the people not interested in finding out what could be done!

In Dr. Talbot's lecture, following the two films, he said one and one-half million persons are doomed to die of cancer, 16,000 deaths a year are caused by cancer alone. Even though his audience was small, Dr. Talbot said if his remarks and efforts were the means of saving one life from cancer he felt his time in Didsbury was not wasted.

He explained that the Cancer Society is trying desperately to change the message of Fear to a message of Hope.

There are three cures for cancer, if you see your doctor in time, said Dr. Talbot. Those are surgery, X-ray and radium. If you do not see your doctor in time, all that can be done is to brighten the patient and ease the pain for their remaining years.

Research is playing a very big part in trying to find a sure cure, said Dr. Talbot. Those are surgery, X-ray and radium. If you do not see your doctor in time, all that can be done is to brighten the patient and ease the pain for their remaining years.

Men have the idea that cancer is a woman's disease, but in 1944 cancer caused the death of 89,005 women and 82,166 men. More deaths occur in women between the ages of 30 and 54 years of age. More men die from cancer over the age of 60 than in wages, even though the list of deaths, with cancer of the intestines a close second.

Dr. Talbot said that if you notice anything out of the ordinary in the way you feel, see your doctor immediately. It may save your life. Delay may mean certain death.

April 15 to May 16 is Cancer Month and money is needed for research to find a sure cure, if possible. Give generously when the campaign starts.

Didsbury Garages To Raise Work Rates

At a meeting of the local garage operators on Monday evening, March 20, it was decided to raise the rates of work due to the increase in wages.

The new rates are:
Shop work, per hour \$2.50
Greasing \$1.75
Car washing \$2.50
Tire repairs .75
Spare tire repaired and put on running wheel \$1.00
It was pointed out at the meeting that the above prices are still lower than city prices, where the minimum charge per hour is \$2.50.

An advertisement covering the above rates and other information will be published in The Pioneer to officially confirm these rates.

DIDSBURY HOSPITAL BIRTHS

Born at the Didsbury hospital to Mr. and Mrs. A. V. Soley on Wednesday, March 21, a girl.

To Mr. and Mrs. D. Klassen of Carstairs on Tuesday, March 27, a girl.

Minimum Hospital Tax To Be \$10.00

Councillor E. Pieper took the oath of office at the regular meeting of the Council of the Town of Didsbury on Monday, March 19.

The hospital and school requisitions were presented to Council, as follows: Hospital, \$7500, an increase over the \$7200 requisition in 1950. School, \$25,211.82, also increased over last year's requisition of \$21,401.

Councillor E. Pieper was added to the Public Works Committee of the Town, and W. Payne was appointed civil defence organizer.

The minimum hospital tax on all property was set at \$10.

Bicycles in town are to be licensed at 50 cents each. Offenders apprehended for riding their bicycles on sidewalks will have the vehicles impounded and license cancelled.

In an endeavor to restrict parking of cars and trucks within 20 feet of hydrants the Council decided to erect "no parking" signs and enforce the regulations.

A grant of \$250 was made to the local library board to carry on the work in 1951.

BERGEN NOTES

The home of Mr. and Mrs. L. Ratcliff was the scene of a shower in honor of their daughter Helen, recently. There were about 60 guests present and Helen's fiancé, Mr. Gordon Lyle, assisted in opening the many lovely gifts, after which the couple thanked their friends. An enjoyable luncheon was served. Helen and Gordon were also honored at a shower Monday evening at the home of Mr. and Mrs. Patterson of Calgary. Mrs. Ratcliff and Mrs. Lyle motored down for the event which was a complete surprise to the guests of honor.

Mr. Gordon Howard had his foot injured and his small English car damaged when he failed to make the turn at the Bergen Store while proceeding south on the Sundre-Bergen highway. The car went through a wire fence and down the river bank, coming to a halt just short of the river. The accident happened about 1 a.m. last Monday morning, and Mr. Howard spent the rest of the night with Mr. and Mrs. Kay Cook.

Mrs. D. O. Clarke was taken to the Didsbury hospital last Sunday and we understand she has since undergone an operation. Mr. Clarke has been in bed with the flu.

Mrs. Ross Ellis is sick in bed and we hope she is better soon.

Mr. and Mrs. Purcell Blain are getting around again after a bout with the flu.

A seismograph crew has opened an office at Sundre in the quarters formerly occupied by the Bank of Montreal, and we hear that they plan to stay at least two years. They made some tests in the Bergen district last week.

Mrs. Ray Bliss has sold her hair-dressing equipment to Miss Violet Scott. Mrs. Bliss and daughters plan to join Ray who is working in B.C.

The Essential Link

IT'S THE LOCAL TOUCH THAT COUNTS

The magnetic power of local news to win and hold people's attention is as fundamental as human nature itself. Local news begins to play its part in a man's life with a two-line notice announcing his birth. Progress in school, participation in sports, graduation, engagement, and marriage follow... each likely to figure somehow in local news.

Then comes the upward climb in business, perhaps an entry into politics, almost surely some activity in civic, religious and social affairs... each step productive of news that's of vital interest to self, to family, to friends and fellow townspeople. So it goes till death itself writes the final story.

Only in the Hometown Weekly Newspapers can people satisfy their craving for this kind of news, their unceasing curiosity about what goes on close to home. And only there can they find every week the local buying information they need. Which explains very largely why people read The Didsbury Pioneer so eagerly and thoroughly, and why such weekly newspaper advertising produces such satisfactory returns.

THE BENEFITS OUTWEIGH THE COST

Didsbury and district residents have been enjoying the advantages of modern water and sewer facilities, and rural electrification benefits, respectively, this past few months, all of which have added materially to the comforts of life.

When water and sewer was first proposed in Didsbury many were not in favor of the plan mainly because of the excessive costs. Now, since the system has been installed and is working satisfactorily, many of these same people have been connected to the system and after enjoying the benefits would not be without it.

The same is true of rural electrification. It was a difficult job for the advocates of rural electrification to interest the farmers in signing contracts to make the service possible, but as one farmer said recently, "it seemed like a lot of money to spend at the outset, but I definitely wouldn't be without electricity on the farm now. The benefits far outweigh the cost."

And so it goes. Modern improvements are bringing joy to the people of this community, and as time goes on it is hoped that many more will enjoy the conveniences of modern civilization.

TRANS-CANADA HIGHWAY

The Trans-Canada highway is urgently needed as a part of Canada's defence system. Modern feeder highways supplementing the Trans-Canada are also necessary. Federal aid in building and maintaining these highways is needed, and the highways should have a high priority in the government's defence program.

If a little knowledge is a dangerous thing, where is the man who has so much that he is out of danger?

THE 1951 CENSUS

Once every ten years since Confederation a census of the people of Canada has been taken. The first of these decennial censuses, as they are called, was taken in 1871; the ninth will be taken on June 1, 1951. It will be a project of the greatest magnitude, greater than ever before, since its organization will not only extend as in the last Census from the United States border to the most northerly settlements in the Arctic but for the first time from the east coast of Newfoundland to the islands off the coast of British Columbia. It will enumerate a population over a fifth larger than any previously recorded in Canada.

The coming Census will be a census of population, housing, agriculture, fisheries and distribution. Its value in determining the progress of Canada will be inestimable. More particularly the 1951 Census will be a yard stick in determining the progress that Canada has made in the first half of the twentieth century. Its uses are as varied that there is scarcely a phase of human activity that cannot be related to it. It is of aid to government, business, social welfare, justice and education and thus helps to make Canada a better place in which to live. With its information available to everyone, the census is democratic in its results.

Since the census is for the common good of all, the co-operation of every Canadian in making it as complete and successful as possible is only a part of good citizenship. To be sure, the law, enacted by the representatives of the people, requires everyone to answer the questions on the census schedules put to him by the enumerator. The success of the census does not rest on this legal requirement, however, but on a general appreciation of the purposes of the census and the willing co-operation of everyone in answering the questions as fully and accurately as he or she can. In short, the census will be only as good as the Canadian people make it.

THREE NEW GRASSES SHOW PROMISE FOR PARK BELT

Russian wild rye, tall wheat grass and intermediate wheat grass have been under test at the Experimental Farm, Indian Head, Saskatchewan. Hardy, vigorous, long-lived perennials, they were originally introduced from Russia, but selected strains are being used for testing, according to E. Buglass of the Forage Crops Division.

These grasses have been compared with brome and crested wheat grass with and without alfalfa. Intermediate wheat grass has outyielded both brome and crested wheat grass, alone and when in a combination with alfalfa. The quality of hay is satisfactory. Tall wheat grass has outyielded brome slightly, but produces a tall, coarse-stemmed type of growth that should be cut for hay shortly after heading. Both these grasses are later-maturing than crested wheat grass and brome and should be suitable for summer grazing. These two grasses would appear to be more suitable for use in the park belt. Tall wheat grass is reported to be one of the most alkali tolerant of the grasses.

Russian wild rye is a drought resistant grass which has yielded about the same as brome and crested wheat grass. The hay is inclined to be coarse. It does not appear to be able to compete with brome and crested wheat grass. It may, however, be useful for summer grazing as it tends to remain green in the heat of summer.

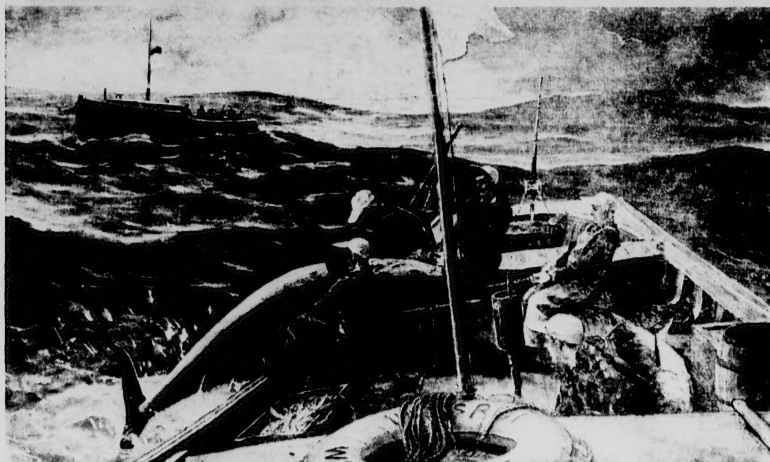

Commercial quantities of these grasses are not yet available.

Seagram TELLS THE WORLD ABOUT Canada

This advertisement was designed by The House of Seagram to tell the people of other lands about Canada and things exclusively Canadian.

Many people in Latin America, Asia, Europe and other parts of the world are not fully aware of the richness of Canada's natural resources, wild life, scenic beauty and cultural traditions. The more the

peoples of other lands know about our country, the greater will be their interest in Canada and Canadian products.

The House of Seagram feels that the horizon of industry does not terminate at the boundaries of its plants; it has a broader horizon, a farther view—a view dedicated to the development of Canada's stature in every land of the globe.

One injection of

BOVIGEN

will cut your losses from Blackleg, Malignant Edema and Shipping Fever

Now . . . you can get safe, dependable, low cost protection against Blackleg, Malignant Edema and Shipping Fever. And . . . instead of having to vaccinate separately for each disease . . . you can do the complete job with one injection of Bovigen . . . the "triple antigen" that gives three-way protection.

Don't Wait . . . Vaccinate

If you wait until your animals show signs of Blackleg or Malignant Edema, you may be too late to do anything about it. Usually, an animal infected with either of these diseases will die in 24 to 36 hours. So . . . the thing to do is check disease before it starts. And the way to do it is . . . vaccinate with Bovigen. Remember . . . Bovigen is a preventative. You get the full benefits . . . cut costly losses . . . when you use it before disease starts.

Only Costs a Little to be Safe

When you consider that one dose of Bovigen protects a

gainst three diseases . . . the cost per dose is surprisingly low. Then, too, you save time in injecting . . . one operation instead of three.

Simple and easy to administer . . . all you do is follow the instructions. They're in every package. Bovigen comes in three handy sized bottles . . . 5, 10 or 25 doses per bottle. Get the size that suits your herd.

IN THE LEGISLATURE

(by H. G. Hammett, M.L.A.)

This week I will endeavor to give you a little further information in connection with the 1951 Budget brought down last week by Premier E. C. Manning.

During the past few years, when the Government made a grant to municipal units, the municipal unit had to put up 40 per cent of the cost of a project to use the grant money for the other 60 per cent. This has been changed now so that the municipal unit only has to put up 25 per cent in order to qualify for provincial road construction grants.

The total assistance from the Provincial Government to the municipal unit for this year is equal to more than 38 mills on the total aggregate assessment. This is the assessment used for 1950.

An additional 3 million dollars is being set aside under The School Borrowing Act. The grants under this Act are being increased from 12½ per cent to 20 per cent on approved borrowings as of April 1, 1951.

An additional 7 million dollars is being set aside this year under The Self Liquidating Projects Act. This money is made available to municipalities for long term loans at 2½ interest. By the end of 1950 nearly five million dollars had been loaned under this Act from last year's allocations.

Hon. Gordon Taylor, Minister of Railways and Telephones, outlined the vast expansion of telephone service in the Province. Since the beginning of April 1950 another 7,450 telephones have been installed but new applications continue to pour in and in spite of these gains there is still a waiting list of 11,491. Mr. Taylor indicated that more money than ever before was appropriated for the construction and maintenance of highways and further, that larger grants have been provided to assist municipalities in the construction of municipal district roads as well as Local Improvement District roads.

The completion of the Aberhart Memorial Hospital, scheduled for this year, will provide a much needed service to those suffering from tuberculosis. Hon. Dr. J. L. Robinson, Minister of Industries and Labor, gave a report in detail explaining the Government's proposal to change from a system of annual licensing for businesses, to one of permanent registration—saving in license fees to businessmen and a saving of administrative work in his Department.

The Government has decided to issue a continuing license or registration in the case of most businesses. During the year each licensee, in the business affected, will be advised that his annual license is being changed to a continuing license or permanent registration without further cost to the owner of the business. There is some misunderstanding, however, on the part of some licensees at the present time. Some apparently are of the opinion that the annual license fees for 1951-52 license year are not required. This is incorrect, Dr. Robinson stated, and said he wanted to make it clear that the license fee is renewable for the 1951-52 fiscal year as previously. In the event that a business is sold or transferred, the registration certificate or continuing license must be sent to the Department and the new operator will be required to take out a new registration.

The first discussion on estimates came up in the House this week and the Department of Agriculture was the first to be considered.

Mr. Ure endeavored to point out that the Department of Agriculture is largely a service Department and each year is adding to its staff and enlarging its services to agriculture. Mr. Ure also pointed out that the farmers share in the expenditures of all departments of Government by municipal grants, education grants and the like. The District Agricultural service will be extended throughout the province as trained personnel are available although the extension was not expected to be rapid.

In regard to the coyote program, material has been ordered by the Government to be used in the destruction of these predators and a new coyote program is being considered and will be announced within the next few days.

In discussing the construction of the St. Mary's dam, Mr. Ure pointed out that the Dominion Government assumed the cost of construction of the main ditch and reservoirs up to the Ridge Reservoir, but that the total cost of distributing the water thereafter, namely, the secondary and lateral canals as well as ground levelling, was to be paid entirely by the Province.

The Legislature approved the estimates for the Department of Agriculture and Water Resources Branch amounting to over \$5,500,000.00.

NEW CARS

There will be many new car models for next year, unless something drastic happens to upset the apple cart. The Financial Post reports that most of the leading makers are planning changes some of which promise to be more extensive than anything seen since the beginning of the postwar models.

22 MILLION BRITONS TO SEE LONDON FESTIVAL

A Gallup poll estimates that 22 million people in Britain, nearly one half the total population, plan to visit the main Festival Exhibition in London. A scheme of special entry tickets has been worked out for Canadians and other overseas visitors so that they can avoid these crowds.

DEGRADING OF RED BOBS

Commencing August 1, 1951, Red Bob Wheat will not be eligible for a grade higher than 3 Northern. The board of grain commissioners seeks to give this information the widest spread publicity in order that all farmers will be informed and will be able to plan their seeding accordingly.

visiting around

We like to go visiting to see how other people produce textiles. A good many come to visit us, and we like this too. All main countries have textile industries, and people come from other countries in the western group to study our methods. The textile industry here in Canada is among the leaders in technical skill and effectiveness. And along with the U.S. it pays the highest wages for textile employment anywhere. In Canada the industry is the largest employer of manufacturing labor. Textiles also pay the largest manufacturing wage bill in this country. In these times, the size and technical ability of the industry are important features of Canada's strength.

M.V.B.C. NEWS

On Good Friday, March 23, the College A Cappella Choir, under the direction of G. Lyle Richardson, furnished the music for the Union service at the Evangelical United Brethren Church.

At 7:30 a.m. on Good Friday, at the College, the graduating class gave their annual breakfast and chapel. Guests were the faculty, guests and a large number of friends. The delicious meal was followed by a stirring program of speeches and songs and a short address by Rev. T. Hoskins, the senior class advisor. "By My Spirit," a phrase found in Zech. 4:6, was the basis of all of the program features. The life of the Negro boy, the late Samuel Morris, was used to illustrate the power of the spirit working in and through a yielded life.

On Friday evening, March 23, the Speech Artists' Recital held at the United Missionary Church was well attended. This was the first recital of its nature given by the College speech department. It was a resume of the closing of the Passion Week, depicting the climax events, "The Paschal east and Gethsemane," "The Trial," "The Crucifixion," and "The Resurrection." Miss Irene Megli gave the first part, Peter Waldin the second, and Mrs. Pearl Laidlaw the last two. Judging from the favorable comments received this theme bids fair to become fitting subject matter for future Easter recitals.

The hymn "Tis Midnight and on Olive's Brow," sung by the Chapel Singers, created an atmosphere of sacred hallowiness at the outset. Mrs. Klopka Traub sang "He Was Despised," by Handel. It portrayed the temper of the multitudes attendant at the trial. Before the "Crucifixion" scene was portrayed in word pictures Mr. Richardson, supported by the Chapel Singers, sang "Were You There?" A profound sense of holy reverence was felt at the close of this song. Before the "Resurrection" scene Mr. Wilson played a medley of beautiful Easter melodies. The program was closed with Handel's triumphant "I Know that My Redeemer Liveth," sung by Margaret Dyck.

Easter Sunday at 8:00 p.m., the Chapel Singers, a section of the choir, presented J. H. Maunders' cantata, "Olivet to Calvary," under the direction of G. Lyle Richardson. This beautiful cantata, difficult of interpretation, showed fine work done by the singers. The solo parts, sung by Margaret Dyck, Margarita Sawatzky, Neil Neufeld, Myron Tweed and Mr. Richardson, added effectively to the rich quality of the cantata. "Olivet to Calvary" is usually sung on Good Friday but singing it on Easter Sunday did not result in an anti-climax, as the note of glorious resurrection triumph was demonstrated in the singing of Handel's immortal "Hallelujah Chorus" at the close. A capacity audience bespe the appreciation worthy of the performance.

On Monday, March 26, Rev. A. Traub, first president of M.V.B.C., brought a stimulating chapel message. For a subject he used Caleb the spiritual giant of Moses' day, who at the mature age of 85 years was dauntless and unafraid. He welcomed the opportunity of conquering the strongholds of giants. Because he "wholly followed the task."

Lord," he was qualified for his task. Mrs. M. A. Finlay of Edmonton, a member of the Board of Directors of M.V.B.C., arrived here on Sunday evening. She came early to attend the Easter cantata. She will also attend the Board meeting on Tuesday and Wednesday.

Gospel team work has been officially concluded for this school year. However, on requests the College is continuing to assist the people of the Moravian Church. Rev. Hoskins will speak there on April 1. He will be assisted by students in the service. Further services will be announced later.

Attention Advertisers!

Several of our advertisers have been handling in late copy. It can't continue if the Pioneer is to publish on schedule Wednesday. All advertising copy should be in the office by 5:00 p.m. Monday, and if we stretch the point to last-minute advertising not later than 10 a.m. on Tuesday. Try and co-operate. After all the only reason we print the paper Tuesday night and mail Wednesday morning is so that our advertisers can get complete coverage of the district by Friday.

WATER POWER RESOURCES
OF CANADA AT HIGH LEVEL

Water-power development in Canada continued at a high level throughout 1950 reports Resources Minister Robert H. Winters in the annual bulletin "Water Power Resources of Canada" issued recently. The principal contributing factor was industrial expansion, but there was also an increase in commercial and domestic electrical loads and in rural electrification.

Currently recorded water resources total nearly 27,000,000 h.p. under conditions of low stream flow; almost 43,000,000 h.p. at average flow. The latter figure represents a feasible turbine installation of over 55,000,000 h.p. Total turbine installation at the close of 1950 is listed as 12,562,750 h.p., indicating the development about 23% of available resources.

Hydro-electric construction had an active year. New capacity brought into operation totalled 962,275 h.p. and good progress was maintained on fresh development work and additional projects investigated or planned.

The installed capacity of water-power plants now equals 907 h.p. per thousand of Canada's population.
